Όλοι οι άνθρωποι γεννιούνται ελεύθεροι και ίσοι στην αξιοπρέπεια και τα δικαιώματα. Είναι προικισμένοι με λογική και συνείδηση, και οφείλουν να συντηρήσουν μεταξύ τους μια σχέση αδελφότητας. All human beings are born free and equal in dignity and rights. They are endowed with reason and conscience and should act towards one another in a spirit of brotherhood. Все люди рождаются свободными и равными в своем достоинстве и правах. Они наделены разумом и совестью и должны поступать в отношении друг друга в духе братства.

Today, from his studio, Terminal Design Inc., Montalbano does custom type work for high profile magazines like **Gourmet**, **GQ**, and **Vanity Fair**. His first design, **ITC Orbon**, took shape over one year, inspired in part by a demonstration of Blackletter calligraphy by Ward Dunham at the AType conference in 1994. “**Seeing Dunham**

create all these letters out of four or five basic strokes prompted me to try the same concept,” recalled Montalbano. “I combined that idea with the notion of taking historical forms like Blackletter and progressively perping them down to achieve a futuristic version as if this old form naturally evolved over several hundred years to arrive at its postmodern incarnation.” This highly condensed force has a unique, oblong shape that is powerful at display sizes.

After earning a degree in **Industrial Education** and Graphic Arts Technology, James Montalbano began his career teaching industrial arts to junior high school students. He went on to get a masters in Technology Education and taught offset lithography, traditional pre-press and silk-screen printing to college students. It was here that he discovered graphic design and gravitated away from the classroom setting. He took his knowledge of printing technology to **New York City** and landed

Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people;

Принимая во внимание, что пренебрежение и презрение к правам человека привели к варварским актам, которые возмущают совесть человечества, и что создание такого мира, в котором люди будут иметь свободу слова и убеждений и будут свободны от страха и нужды, провозглашено как высокое стремление людей; и

Montalbano admits that throughout design school he considered his lack of illustration talent to be a disadvantage, so he compensated by learning all he could about type.
