A large, bold, black lowercase letter 't' is centered on a light gray background. The letter is composed of a thick vertical stem and a horizontal crossbar. The crossbar is slightly wider than the stem and has a small, rounded terminal on the right side. The stem is straight and ends in a small, rounded base.

THERE IS A TIME IN EVERY MAN'S EDUCATION WHEN HE ARRIVES AT THE CONVICTION THAT ENVY IS ignorance; that imitation is suicide; that he must take himself for better, for worse, as his portion; that though the wide universe is full of good, no kernel of nourishing corn can come to him but through his toil bestowed on that plot of ground which is given to him to till. The power which resides in him is new in nature, and none but he knows what that is which he can do, nor does he know until he has tried. Not for nothing one face, one character, one fact makes much impression on him, and another none. This sculpture in the memory is not without preestablished harmony. The eye was placed where one ray should fall, that it might testify of that particular ray. We but half express ourselves, and are ashamed of that divine idea which each of us represents. It may be safely trusted as proportionate and of good issues, so it be faithfully imparted, but God will not have his work made manifest by cowards. A man is relieved and gay when he has put his heart into his work and done his best; but what he has said or done otherwise shall give him no peace. It is a delivrance which does not deliver. In the attempt his genius deserts him; no muse befriends; no invention, no hope.

Trust thyself: every heart vibrates to that iron string. Accept the place the divine providence has found for you, the society of your contemporaries, the connection of events. Great men have always done so, and confided themselves childlike to the Ustav Organizacioni Ob'edinennykh Natsiy byl podpisan 26 iyunya 1945 goda v San-Francisko na zaklyuchitel'nom zasiedanii Konferentsii Ob'edinennykh Natsiy po sozdaniyu Meksikanskoj Organizatsii i vstupili v silu 24 oktyabrya 1945 goda.
